

Leave A Lasting Legacy is an engraved brick fundraiser for All Saints Cathedral National Catholic Church Cemetery. Each brick that is purchased will be engraved with your message and used to pave the way to the beautiful reflection area. This area was created for personal prayer and reflection in a tranquil setting.

An engraved brick offers an unique opportunity to permanently honor or commemorate an individual or group that has touched your life. Your brick becomes a lasting remembrance that will be shared with everyone who visits this reflection area for years to come.

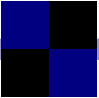

Bricks are purchased for many different reasons:

- Honor the memory of a loved one
- Remember a meaningful occasion
- Pay tribute to a special person or group
- Recognize family members or special friends

An official Certificate of Recognition will be mailed to you or the designated recipient of your generosity with each brick you order. It's our way of expressing our gratitude for your kind support.

Your Gift Works In Many Ways

The engraved brick not only remembers the dearly departed or a special occasion, but it also will help to continue to beautify our cemetery.
